

12 10 00 Art

Revision 01/04/2019

Purpose:

The Architect and/or Engineer shall incorporate the Rice specific requirements indicated in this standard's section into their design. The Architect and/or Engineer shall further produce project specifications in line with industry standards that are updated to reflect these Rice specific requirements.

1. General Requirements.

- a. For new buildings and major renovations, the Architect shall present an "Art" concept for approval at the schematic design phase.
 - i. For approved art concepts, the building shall be designed with:
 1. Adequate structural re-enforcement, if needed.
 2. Electrical power service, if needed.
 3. Special lighting and controls, if needed.
 4. Any necessary building upgrades in support of "Art" are subject to approval and funding in coordination with Rice Public Art. The Art budget line item within the existing project budget is exclusively at the discretion of Rice Public Art.
